

Reginald Sharpe: The Fourth Temptation

Reflect

- Describe a time when you encountered what Rev. Sharpe called “the pressure to perform.”
- What titles, identities, or achievements have defined how you perceive yourself, or the way that others perceive you?
- What messages or beliefs from your faith community have reinforced the idea that we are defined by our work and productivity?

Respond

- When have you had to face the temptations of being relevant, of being spectacular, and/or being powerful?
- Rev. Sharpe needed to retreat to “the wilderness” for a time. Is there a wilderness that God is calling you to retreat to? What would that entail?
